

Clovis High School Drum Line & Front Ensemble 2018-2019 Clinics & Auditions

About our Marching Percussion Ensemble –

Our Marching Percussion Ensemble is made up of two sections- drum line and front ensemble (mallets/auxiliary). Students who make our competition line participate with the marching band and winter percussion, as well as become the **Pride of Clovis High**.

The CHS Percussion Section is one of the most prestigious marching ensembles in the Central Valley. Last year they were undefeated during the marching band season and were a finalist in the Southern California Percussion Alliance Competition. This is an exciting and rewarding section to march in! The section rehearses roughly 12-14 hours per week, including summer rehearsal and a camp before school starts. They compete in 10-15 competitions throughout the school year, in addition to football games and other school activities. Members must be in good physical and academic standings.
