# Program Notes

## Clark Intermediate & Concert Band

### Celestial Fanfare – by Robert W. Smith

- *Inspired by the stars and heavens above, Celestial Fanfare celebrates new heights of performance for our concert band.*

### Holiday Bobsled Run – by Robert Sheldon

- *A happy and carefree day of playing in the snow is depicted in this charming holiday piece.*

### A New Light – by Tyler S. Grant

- *This piece is inspired by the meaning of night and how it relates to our everyday lives. Night and darkness can be a metaphor for so many things. It can symbolize the great uncertainties of life, while also signifying a desire for guidance and direction. Mr. Grant remarks that in his own life, he has had to learn that the cycle of uncertainty is not linear, but rather cyclical. The world will undoubtedly provide circumstances that cause darkness and uncertainty. however, we can survive these circumstances with the hope of a new dawn, and therefore, A New Light to move us forward.*

### Jingle Bells! Samba Bells! – by William Owens

- *Jingle Bells! Samba Bells! is a setting of James Pierpont's Jingle Bells in a samba style. This beloved and popular dance form originated in Rio de Janeiro and has become universally recognized as a symbol of Brazilian culture and national identity.*

## Clark Symphonic Band

### Polar Express – arr. by Michael Story

- A medley of songs from the popular 2004 film “The Polar Express” featuring: The Polar Express, When Christmas Comes to Town, Hot Chocolate, Believe, and Spirit of the Season.

### Have Yourself a Merry Little Christmas – arr. by Victor Lopez

- One of the most beloved festive songs of all time, originally written and released in 1943, this arrangement is sure to leave you feeling festive.

### Metamorphosis – by Andrew Boysen Jr.

- Metamorphosis is intended to trace the life cycle of a butterfly, beginning with a slow, beautiful melody, followed by a faster, transformational passage, after which a new “butterfly” melody emerges, suggesting that the butterfly has taken flight. Although the piece was intended to be about the life cycle of a butterfly, it occurred to me as I was composing that this whole idea of transformation and metamorphosis applies just as easily to our own development as humans, from our innocent childhood through adolescence to the point at which we ourselves “take flight”.

### All is Calm – arr. by Robert W. Smith

- No matter what our cultural background, the holiday season is the time of year when we all reflect upon the joys in our lives. During those very quiet and reflective moments, we experience inner piece-peace that allows us to recognize all that is good and beautiful in our world. Featuring several soloists from the band, “All is Calm” celebrates the beauty and joys of the holiday season.

### Sleigh Ride – Michael Story

- A fantastic arrangement of a holiday classic

### A Stowaway on Sant’s Sleigh – by Chris Sharp

- A whirlwind world tour on Christmas Eve! This medley combines several well-known Christmas tunes, placing them in settings suggestive of various locations around the globe. Enjoy while you try and guess where we are now throughout the piece.
